

Window-View Binders

New Window-View Binder Product which combines both Plastic & Paper!

The Window-View Binder is two components, the outside polypropylene binder and the inside SBS paper board insert. The combination of the two gives you a durable binder with high-end 4CP graphics and at an affordable price, even in small quantities.

Product Specs:

- 020 or 030 gauge polypropylene
- Standard Capacities: 1/2", 1", 1-1/2" & 2"
- Standard Sheet Size: 11" x 8-1/2" & 8-1/2" x 5-1/2"
- 4 color-process offset printed 18pt SBS Board
- Inside SBS insert is full front cover & Spine and 2" back cover flap (Flap may vary slightly depending on capacity).

Want to Go Green?

The Window-View binder can be produced using our natural polyethylene post-consumer material, which is made from reclaimed milk jugs. The material is more translucent than the polypropylene but has good contact clarity with the inside paperboard printed image.
